Cambridgeshire and Peterborough CCG – Section 117 Application Guide

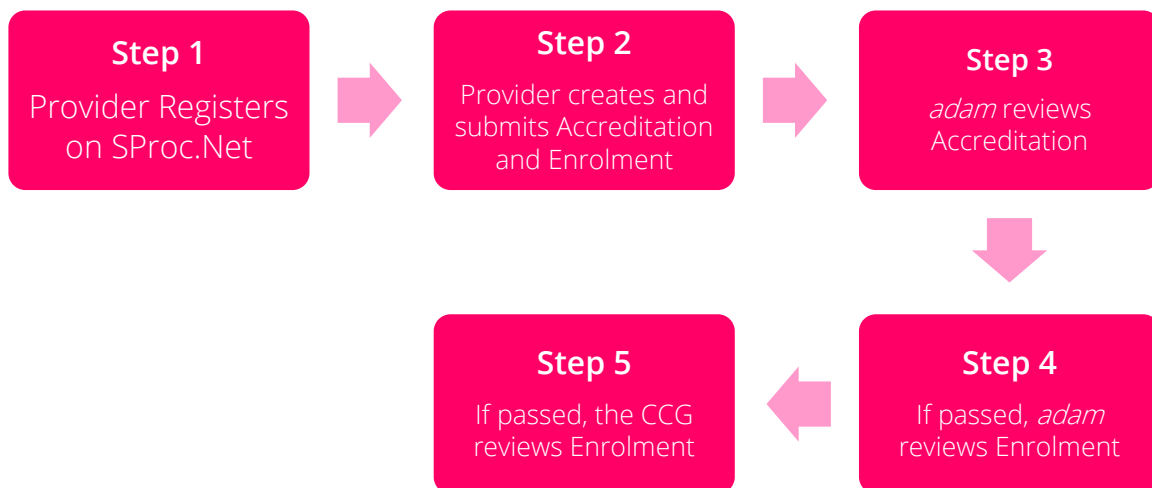

The CCG will be working with *adam* HTT Ltd to implement a new Case Management System for Continuing Healthcare placements. The system will manage payments being made for IPAs alongside commissioning new packages of CCG-funded care. Providers wishing to provide care services to the CCG and receive payment will need to complete an Accreditation and Enrolment (A&E) to receive Requirements through SProc.Net.

This document will cover the following:

- Registration – applicable for Providers new to SProc.Net
 - Adding Users
 - Adding Locations
- Accreditation – information required
- Enrolment – information required
- Next Steps

How to join SProc.Net

The step-by-step process to be completed online is as follows:

Please note that if either the Accreditation or the Enrolment is failed, the Provider will receive feedback from *adam* so amendments can be made (where possible). Equally if

the Enrolment is Rejected by the CCG, the Provider will receive feedback so amendments can be made (where possible). Typically, the cycle of these steps will take a maximum of 10 working days.

Registration

Register

You must register your business on the system (<https://www.sproc.net>). If your organisation/business/home is part of a larger parent group, then head office should register on SProc.Net. The below shows what is required:

Add a System User

Once the above fields have been completed and the first User has been created, they will receive a username and temporary password. Upon logging into SProc.Net the User will be prompted to change their password. The User will have the ability to create other Users for their organisation.

Add a Location

If your organisation has multiple locations or offices, it is possible to add these additional locations once the company has been registered.

To add a location, go to the Admin tab > My Company > Locations > New, and then follow the steps to fill in the details for the location. This will include:

- Location display name
- Address
