

Question and Answer responses from Supplier emailed Questions w/e 01/03/2019

Question	Response
What is the deadline for enrolment please?	There is no deadline for Enrolment as the DPS is open for its duration.
We're looking at the LCP accreditation on the Adam Portal and we're being asked to provide details of sub-contractors before we're able to access a scope of services to determine what sub-consults will be required? How do we proceed?	Where you are regularly likely to use subcontractors, these can be identified at the enrolment stage and the information requested provided. In the event you identify that you need to use a subcontractor when a Requirement is issued you will need to make it clear in your Call Off response who the subcontractor is and provide the same details as requested in the Enrolment.
